

Unit 12 – Reflection

Unit 12 was one of the busiest weeks of my UoEO journey. During this unit, I completed all my e-portfolio requirements, use HTML and CSS to code the design of my website and upload all my documents. While it is a lot of work, it is worth it is fun to compare your website before and after.

Team Meetings Notes:

- In our last meeting, we discussed the e-portfolio requirements and members with previous experience shared their ideas.
